

“THE PROOF IS IN OUR STUDENTS’ GRADES. WEBASSIGN WORKS.”

Michael Paesler
Department Head

With over a million users and half a billion submissions, WebAssign is the leading online homework and grading solution for math and science. But what makes us most proud of WebAssign is what department heads and chairs like Michael Paesler are saying about its impact on students and faculty. “The greatest advantage is that our students get immediate feedback on their work, and my faculty have more time for teaching and helping their students learn instead of grading innumerable homework papers. My professors recently found that more than 90% of their introductory students successfully completed every assignment using WebAssign. That’s impressive!” So if you’re wondering why you should consider WebAssign for your students, the answer is simple: WebAssign works.
